

## SPECIFICATION

Range: **ARCHIMEDE**

Design: **Caimi Lab**

Codes: 5203/BP-GA, 5203/BP-BO, 5213/BP-GA, 5213/BP-BO, 5203/B-GA, 5203/B-BO, 5213/B-GA, 5213/B-BO, 5203/BR-GA, 5203/BR-BO, 5213/BR-GA, 5213/BR-BO, 5233/3-GA, 5233/3-BO, 5241/3-GA, 5241/3-BO, 5243/3-GA, 5243/3-BO, 5260-GA, 5260-BO, 5265-GA, 5265-BO, 5267-GA, 5268-BO, 5262, 5048-GA, 5048-BO.

Description: modular partition screen system with a range of accessories that can be assembled to create straight or curved dividers at 30° and 45°.

### UPRIGHTS WITH BASE

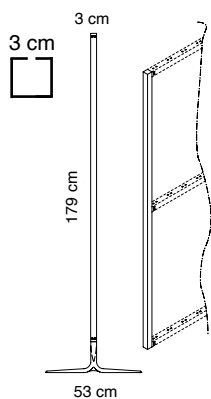

Codes: **5203/BP-GA, 5203/BP-BO, 5213/BP-GA, 5213/BP-BO**

Dimension: H 179 cm

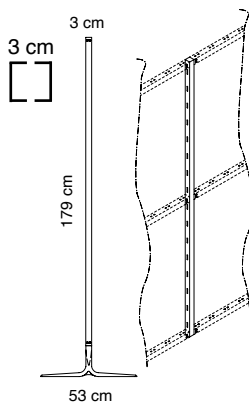

Description: uprights made of square 30 x 30 mm, 1.5 mm thick tube, with holes and seats on one or more sides, to insert crossbars and panels. Painted with matt white or silver grey epoxy-powder coating.

Flat double base made in polished cast aluminium, with two high-tech polymer adapters to couple the base to the upright.

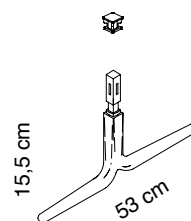

The base comes complete with top caps for the upright, 1 in grey high-tech polymer and 1 in transparent high-tech polymer.

**5203/BP-GA, 5203/BP-BO**  
1-way up-right

**5213/BP-GA, 5213/BP-BO**  
2-ways up-right

**Detail of the base**

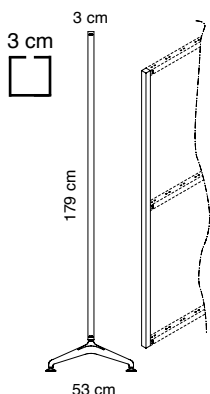

Codes: **5203/B-GA, 5203/B-BO, 5213/B-GA, 5213/B-BO**

Dimension: H 179 cm

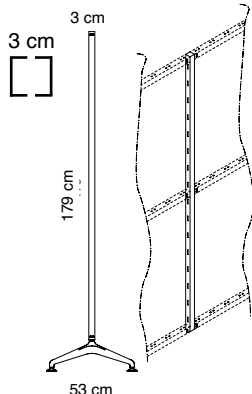

Description: uprights made of square 30 x 30 mm, 1.5 mm thick tube, with holes and seats on one or more sides, to insert crossbars and panels. Painted with matt white or silver grey epoxy-powder coating.

Double base made in polished cast aluminium, with two adjustable jointed grey high-tech polymer and steel feet and two high-tech polymer adapters to couple the base to the upright.

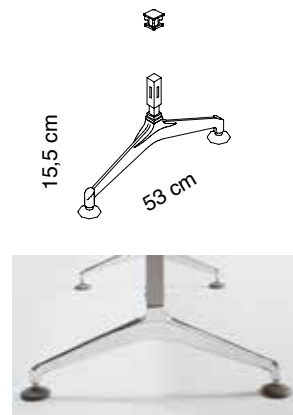

The base comes complete with top caps for the upright, 1 in grey high-tech polymer and 1 in transparent high-tech polymer.

PANELS

Codes: **5260-GA, 5260-BO**

Dimension: 77 cm - H 77 cm

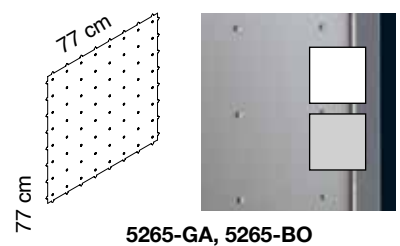

Description: pair of panels in 0.8 mm thick matt white or silver grey epoxy-powder coated micro-perforated steel sheet.

Codes: **5265-GA, 5265-BO**

Dimension: 77 cm - H 77 cm

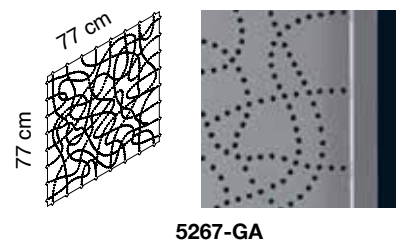

Description: pair of panels in 0.8 mm thick matt white or silver grey epoxy-powder coated embossed steel sheet.

Codes: **5267-GA**

Dimension: 77 cm - H 77 cm

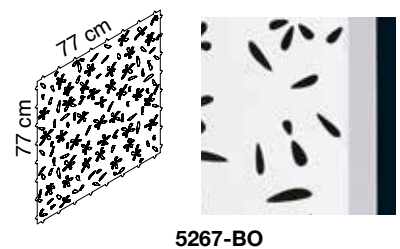

Description: pair of panels in 0.8 mm thick silver grey epoxy-powder coated steel sheet perforated with an arabesque pattern.

Codes: **5268-BO**

Dimension: 77 cm - H 77 cm

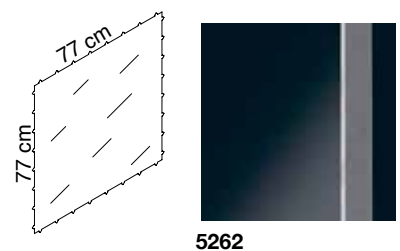

Description: pair of panels in 0.8 mm thick matt white epoxy-powder coated steel sheet perforated with a flower pattern.

Codes: **5262**

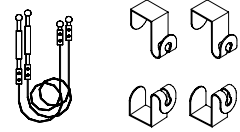

Dimension: 77 cm - H 77 cm

Description: pair of 2 mm thick transparent polycarbonate panels.  
Fire resistance class 1

Codes: **5048-GA, 5048-BO**

Description: set of 4 supports, 2 tension rods and 2 x 4 m cables to assemble the “Koala” communication systems. The 4 supports hook onto the top and bottom rails and are made of matt white or silver-grey epoxy-powder coated steel, each with a seat for the spherical head of the tension rods in chrome-plated metal which are, in turn, connected by 4 steel screws (two for the bottom element and two for the top element ) to the flexible steel cable, fitted with a security lead seal on the terminal. Maximum capacity - 3 kg per side for the linear module (77 cm).
