

**SPECIFICATION**

Brand: **BATTISTA**

Design: **Michele De Lucchi con Sezgin Aksu**

Codes: 1665, 1668, 1665-I, 1668-I, 5100/92, 5101/92, 5104/92, 5105/92, 5108/93, 5109/93, 5195/92, 5100/88, 5101/88, 5104/88, 5105/88, 5108/89, 5109/89, 5100/88-B, 5101/88-B, 5104/88-B, 5105/88-B, 5108/89-B, 5109/89-B, 5195/88, 5195/88-B

Codes: **1665 (Ø 32 cm - H 95 cm)**  
**1668 (Ø 32 cm - H 173 cm)**

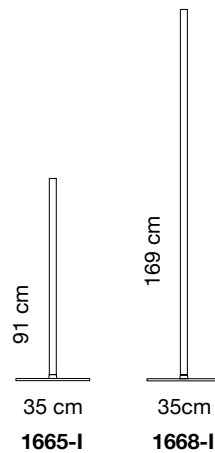

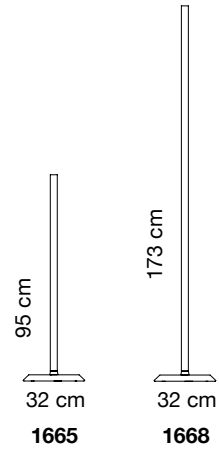

Description: stanchion with circular shaped silver grey epoxy-powder coated cast iron base, with a hollow centre, 320 mm in diameter fitted with floor protective pads.

Silver grey epoxy-powder coated 32 mm diameter tubular steel stand, fastened to the base via M8 zinc-plated steel screws, with an M8 threaded insert at the top and a zinc-plated steel screw to mount the supports for the Koala displays.

Codes: **1665-I (Ø 35 cm - H 91 cm)**  
**1668-I (Ø 35 cm - H 169 cm)**

Description: The stanchion is supported by a steel base (Ø 350 mm) covered in stainless steel equipped with a chromed zamak ring which locks the rod and floor-protecting feet.

Silver grey epoxy-powder coated 32 mm diameter tubular steel stand, fastened to the base via M8 zinc-plated steel screws, with an M8 threaded insert at the top and a zinc-plated steel screw to mount the supports for the Koala displays.

Codes: **5100/92, 5101/92, 5104/92, 5105/92, 5108/93, 5109/93**

Description: display units with inclined supports for stanchion code 1665, 1668, 1665-I, 1668-I.

Inclined supports for A4/A5 or A3 formats made from silver grey epoxy powder-coated steel, fixed by a zinc-plated steel M8 screw to the stanchions.

Display units made from silver-grey epoxy-powder coated steel sheet, with a concave curved shape, folded at the sides to form two side guides inside which a sheet of flexible and transparent PET is slotted to protect and hold the displayed literature in place. Two sheet metal flaps on the bottom edge of the display unit prevents the displayed literature from falling out.

The supports are coupled using the 4 clamps at the back of the display unit available in grey color.

Each clamp consists of an element that contains the high-tech polymer support lock hook, a threaded metal insert and a zinc-plated steel screw whose head is inserted in a high-tech polymer washer fitted on the front of the display unit which is entirely covered by the displayed literature, concealing the coupling system.

Codes: **5195/92**

Description: Leaflets holder with inclined supports for stanchion code 1665, 1668, 1665-I, 1668-I.

Inclined support for A4 format made from silver grey epoxy powder-coated steel, fixed by a zinc-plated steel M8 screw to the stanchions.

Leaflet holder made from silver grey epoxy powder coated steel sheet with a slot-in internal pocket divider. The holder is 40 mm long.

The supports are coupled using the 4 clamps at the back of the display unit available in grey color.

Each clamp consists of an element that contains the high-tech polymer support lock hook, a threaded metal insert and a zinc-plated steel screw whose head is inserted in a high-tech polymer washer fitted on the front of the display unit which is entirely covered by the displayed literature, concealing the coupling system.

Codes: **5100/88, 5101/88, 5104/88, 5105/88, 5108/89, 5109/89  
5100/88-B, 5101/88-B, 5104/88-B, 5105/88-B, 5108/89-B, 5109/89-B**

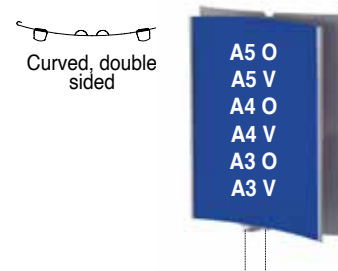

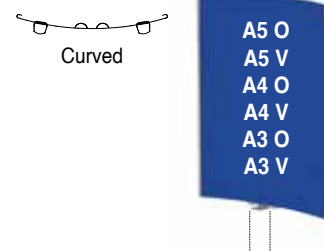

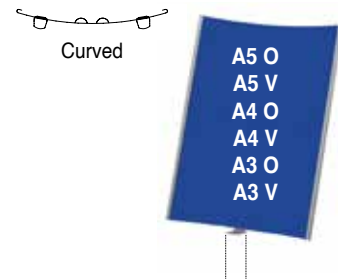

Description: display units with vertical supports for stanchion code 1665, 1668, 1665-I, 1668-I.

Vertical supports for A4/A5 or A3 formats which can be used double-faced, made from silver grey epoxy powder-coated steel, fixed by a zinc-plated steel M8 screw to the stanchions.
