

SPECIFICATION

RANGE: **PEDONE**

Design: **Caimi Lab**

Codes: **1516-CB**

Dimension: \varnothing 2,5 cm, depth 5,5 cm

Description: wall coat rack made of glossy white epoxy powder-coated steel.

The object is composed of a conical element with a hole for the wall fixing screw, equipped with an internal thread for the aggregation of the knob element.

Between these two elements is placed a ring nut always in chrome-plated steel.
